

State Route 51 (Piestewa Freeway) HOV Lane Extension Project

Hotline (602) 235-2868

April 2008

Construction Detour

Purpose

The purpose of the SR 51 ramp restriction and closure is to place the new HOV lane bridge beams across the channel north of the CAP.

Closure April 11-13

 11 p.m. to 9 a.m., Friday, April 11 to Saturday, April 12 northbound SR 51 restricted to one lane at Union Hills Drive.

 11 p.m. to 9 a.m., Saturday, April 12 to Sunday, April 13 the southbound ramps of SR 51 will be closed; the southbound Union Hills Drive on ramp will also be closed.

Detour Recommended (see graphic for details)

Drivers normally using Loop 101 ramps to southbound SR 51 should use southbound Cave Creek Road or Tatum Boulevard to Bell Road as detour routes around this closure.

Project Summary

- One new HOV lane in each direction are being added to SR 51 from Shea Blvd up and on to Loop 101 to Tatum Blvd.
- New HOV ramp connection between SR 51 and Loop 101.
- Concrete barrier will separate northbound and southbound traffic on SR 51.
- Rubberized asphalt will be used to reduce noise.
- The project length is approximately eight miles.
- The temporary bridge will aid in fewer delays to traffic and enhance safety by significantly reducing concrete delivery truck traffic on the freeway.

Project Schedule

With the completion of the project anticipated in late 2008, the bridge will be in place for approximately six months. ADOT is working to ensure minimum disturbance to the public and is striving to offset inconvenience to the traveling public by working during off-peak hours.

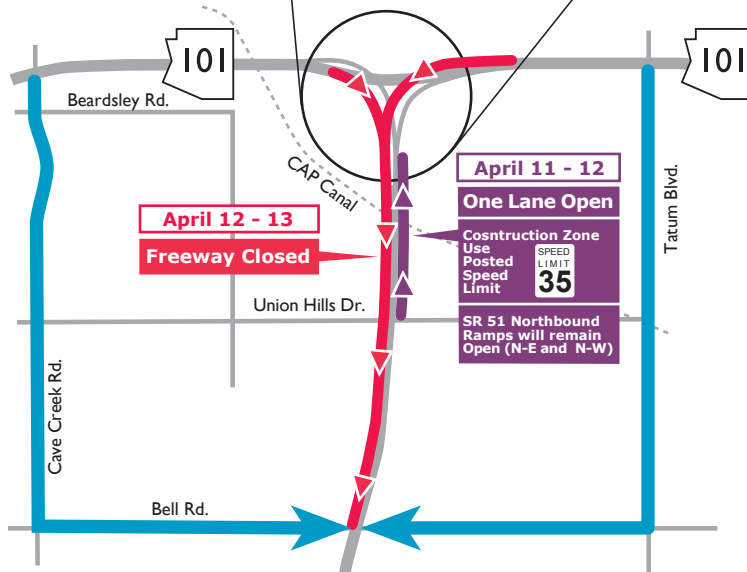

Contact

Updated information is available on the project Web Site at www.azdot.gov/ValleyFreeways/. Comments or questions may be directed to the project hotline at (602) 235-2868 or by e-mail to eastvalleyprojects@cox.net.
